NEW YORK MEN IN CANDELARIA

Frank M. Manson, a large stockholder in the Candelaria Mines company, telegraphs from New York that the mines of the Candelaria Mines company at the old camp of Candelaria, Mineral county, have been sold to a strong coterie of New York men.

The Candelaria Mines company was formed about eighteen months ago to take over and operate the old Argentinum and Mt. Diablo mines that contain a large tonnage of mill ore in mine workings and on dumps. Later the company purchased the Lucky Hill group, which is on the Mt. Diablo ore channel, and has shipped considerable ore from this ground running from 20 to 40 ounces silver.

Outright title is vested in the company to the Lucky Hill group of eighty acres, Badger group of forty acres, H. & G. group, Blanche claim and H. & G. millsite, eighty-five acres, and the Lake and Dorris lode claims, millsite and mill buildings. The Argentinum and Mt. Diablo mines and the Emerald Water & Milling company are held under bond and lease. The water company holds rights in the White mountains, distance of 20 miles, which formerly supplied the camp with water by means of a pipe line.

The estimated working production costs of all the mining properties under control of the Candelaria Mines company, based on a production and treatment of 1,000 tons a day, is \$4 per ton, divided as follows: Mining and development, \$1; milling, \$2.50; overhead, 50 cents.

William H. Barnard, treasurer of the International Salt company, New York, is president of the Candelaria Mines company; James W. Salisbury, Bristol, L. I., is treasurer and Frederick C. Hunter of McReynolds & Hunter, New York attorneys, is secretary. These officers and J. C. Peebles of the Western Ore Purchasing company, Reno, form the board of directors.

J. F. Coleman of Coleman & Reitz, New York curb brokers, looked after the New York interests and made occasional trips to the mine. A. J. Jar-muth is mine manager and has directed development.

TWO PHYSICIANS

ENDORSE DORTZA

Dr. Church of Tonopah and Dr. Abbott of Reno paid Carson a visit yesterday and incidentally rounded up Dr. Krebs to go over his program on the treatment of influenza with Dortza, the Indian root that he used very successfully this past winter and spring.

Dr. Church, who has charge of the Miners' hospital in Tonopah is open in his statements as to the results he has personally had with this new discovery in the treatment of all pulmonary troubles. He is enthusiastic over the results he has had since this local remedy came into his hands. He states that he is using this remedy for all suspected cases that develop and the results have been more than satisfactory.

Dr. Abbott is as strong in his endorsement of this new medical find and in talking over the results with Dr. Krebs yesterday told of the treatment and the results which were all to the good.

From the endorsements of the physicians over the coast Dr. Krebs feels that he has added enough evidence to his own observations to establish the real value of this new find in the medical world. Undoubtedly the use of Dortza in the future for influenza treatment will be pretty well adopted, especially in the west, where some very astonishing results have followed. It is entirely a local discovery and development and has taken a lot of the terror out of influenza, or at least the pneumonia feature of this dread epidemic.—Carson Appeal.

DR. ROBISON HEADS THE STATE MEDICOS

Dr. M. A. Robison was re-elected president of the Nevada State Medical association for the ensuing year at the annual meeting of the association held Friday and Saturday of last week at Tahoe Tavern, Lake Tahoe. Dr. H. J. Brown of Goldfield was re-elected secretary. Other officers elected were Dr. J. A. Fuller of Reno, first vice-president; Dr. A. Huffaker of Carson, second vice-president; Dr. J. LaRue Robinson of Reno, trustee.

Dr. M. A. Robison was elected delegate to the American Medical association convention to be held in 1920.

GETS AFTER THE WOODEN CHECKS

(By Associated Press)
PHILADELPHIA, June 24.—Issuers of worthless checks will find new perils from now on in practicing that method of fraud.

A law has been placed upon the statute books of Pennsylvania defining the issuance of a worthless check as a misdemeanor. Hereafter, under its provisions, not only will be issuing of a "no account" check, or one of the kind which returns with the inscription "not suff." be punishable, but the new law says, "the mere fact of making, drawing or delivering such a check will be prima facie evidence of intent to defraud," unless the drawer makes good the amount of the check with interest within ten days.

For the person who draws and utters a worthless check for an amount less than twenty dollars the penalty on conviction is \$100 fine or thirty days imprisonment, while the drawer of a check for more than twenty dollars the imprisonment is two years.

WHITE PINE MINE HAS SULPHIDE ORE

L. R. Nelson, manager of the White Pine Silver Mines company, was in from the mines Tuesday and had a number of specimens of sulphide silver ore which he recently encountered in a crosscut tunnel at a depth of 170 feet. The mines of the company join the old Siegel mine on the north, which is now shipping thirty tons of high-grade silver ore per day. Mr. Nelson states that in early days the old McMahon mine in his neighborhood produced \$1,000,000 in silver and the El Capitan \$1,000,000, and now that silver has again come into its own, it is probable that these properties will again resume activity. Mr. Nelson has been working on the White Pine Silver Mines for nearly three years, and is of the opinion that they will soon be shipping ore to Salt Lake City smelters.—Ely Record.

ENGINEERS INSPECTING MINES

During the past week Raymond Guyer, consulting engineer for the Boston and Ely Consolidated Mining company and F. Somer Schmidt of Goldfield, spent some time inspecting the properties of the Boston-Ely, Smoky Development and Ely Northern properties in the Ely district which have recently been taken over by the new company for development purposes. They were here to discuss plans with S. Herbert Williams, manager of the company for the further development of this vast mineral estate which the Boston and Ely company expect to develop on an extensive scale in the near future. Their report will be submitted to the eastern directors of the company on the 22nd.—Ely Record.

REPORTED GOLD STRIKE AT HEUSSER MOUNTAIN

On Saturday morning last a report was circulated around McGill that a strike of gold ore running into the thousands of dollars had been made by W. C. Converse in a tunnel which he had been driving on one of his claims in the Heusser mountain district about eight miles west of McGill.

GOLDFIELD HOUSE BURNED

The residence of Henry Helchmer at 406 South Franklin street was totally destroyed by fire Sunday. The blaze is said to have been caused by an electric iron.

BROTHER-IN-LAW DIES AT JANESVILLE, WIS.

Dr. R. H. Burdick received a telegram yesterday announcing the death of his brother-in-law, Charles F. Hill, at Janesville, Wis., one of the leading educators of that state and head of the manual training system. No particulars were given and it is believed that death was due to heart disease from which the father of the deceased died while ploughing.

APPLICATION NO. 5543.

NOTICE OF APPLICATION FOR PERMISSION TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF NEVADA.

Notice is hereby given that on the 17th day of June, 1919, in accordance with Section 58, Chapter 140 of the Statutes of 1915, one F. H. Lathrop, of Ash Meadows, County of Nye, and State of Nevada, made application to the State Engineer of Nevada for permission to appropriate the public waters of the State of Nevada. Such appropriation is to be made from Bell Spring, at a point in the NW 1/4 of SW 1/4, Sec. 10, T. 17 S., R. 50 E., M. D. B. & M., by means of a small dam, and 1.6 cubic feet per second is to be conveyed to NE 1/4 Sec. 16, T. 17 S., R. 50 E., M. D. B. & M., by means of ditches, and there used for irrigation purposes, from January 1st until December 25th of each year. Water not to be returned to stream.

Signed: J. G. SCRUGHAM,
State Engineer.

ASSESSMENT CALL
Tonopah Gipsy Queen Mining Company

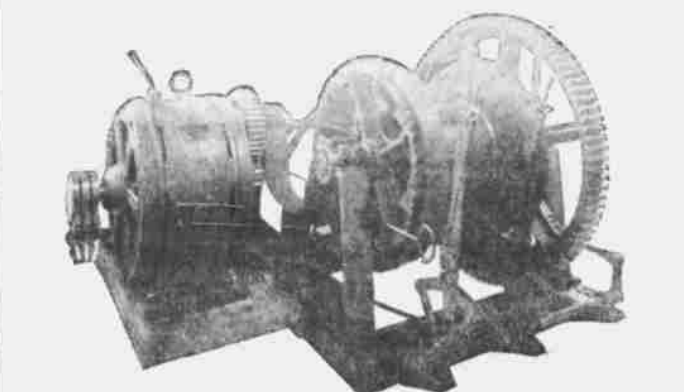

Location of principal place of business, San Francisco, California. Location of works, Tonopah, Nye County, Nevada.
Notice is hereby given that at a meeting of the Board of Directors, held on the 24th day of May, 1919, an assessment (No. 13) of one (1) cent per share was levied upon the capital stock of the corporation, payable immediately in United States gold coin, to the Secretary, at the office of the company, Room 265, Russ Building, San Francisco, California.
Any stock upon which this assessment shall remain unpaid on the 25th day of June, 1919, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on TUESDAY, the 25th day of July, 1919, to pay the delinquent assessment, together with the cost of advertising and expenses of sale.
By order of the Board of Directors,
CHARLES D. OLNEY, Secretary,
Office—Room 265 Russ Building,
San Francisco, California.
M26, J29.

NOTICE TO CREDITORS

In the District Court of the Fifth Judicial District of the State of Nevada, in and for the County of Nye. In the Matter of the Estate of C. Lehto, deceased.
Notice is hereby given that the undersigned on the 19th day of May, 1919, was duly appointed and qualified by the District Court of the Fifth Judicial District of the State of Nevada, in and for the County of Nye, as Administrator of the estate of C. Lehto, late of said County, deceased.
All creditors having claims against said estate are required to file the same, with proper vouchers attached, with the Clerk of the Court, within ninety days of the first publication of this notice.
Dated May 19, 1919.
MRS. C. LEHTO,
Administratrix.
